Spotlight

Heber Valley Children's Choir

Heber Valley Children's Choir is a local music education program designed for Heber Valley children. They study all genres of music, including traditions from around the world.

Between their three directors, they have decades of experience in professional singing, music education, musicology, performance, and more. Working together they provide an opportunity for children in our community (including their own children) to learn music and experience the joy of singing.

HVCC is passionate about keeping their program both high-quality and accessible. "We teach the things we wished we had learned as young music students: theory, music history, healthy vocal technique, and more" "It's important to us that students study substantial repertoire; we tackle advanced songs each semester, including pieces in many different styles and languages."
